For safety reasons drivers must have adequate language skills in either Dutch, French, English or German, otherwise access to the site might be denied.

Containers has to be equipped with handrail.

Please note that ADPO will only accepts iso containers for loading when these are positioned at the ultimate rear/back of the container chassis or when the presented container chassis is of the type 'walk-in chassis'.

Due to the tightening of the EU sanctions package against Russia, we do not accept vehicles with Russian or Belarusian licence plates. We are obliged to refuse loading / transport immediately.

Forwarders for our transports whose company is more than 25% owned by Russia are excluded.

Please also note the additional requirements for this site available on www.oxea.com.

Important information regarding required loading times at all OXEA loading locations

Unless otherwise agreed, all OXEA loading locations require the following free loading times:

3 hours for regular loads (one product, one compartment vehicle)

5 hours for multi-compartment vehicles loading more than one product

3 hours per loading location for multi-compartment vehicles loading in different loading locations (e.g. loading one product in Oberhausen and one product in Marl)

For additional waiting time caused by OXEA we will reimburse up to € 50,- per hour against a valid proof. Waiting time occurred due to lack of timeslot booking won't be reimbursed.
