

Delivery and Logistics Work Instruction
TRI006 - 9008 - Transflo (CSX) Charlotte truck loading requirements

Address: Transflo (CSX) Charlotte – 601 North Hoskins Road Charlotte, NC 28216

Document Requirements

| | |
|--------------------------|---|
| OXEA's Deliver Note (DN) | Driver must have OXEA order number |
| Wash certificate | Driver must have copy of current wash certificate |

Equipment Requirements

| | |
|----------------------|---|
| Trailer cleanliness | Driver must have washout slip and trailer must be clean, dry and odor free. |
| Test Date | Trailer inspection must be in date. |
| Compartment Trailers | Note: As of 5/12/2020, no split or compartment loads will be offered or allowed to load out of this terminal due to shared lines and possible rejections for cross-contamination. Exceptions require prior customer approval and a completed waiver. The customer assumes full responsibility for cross-contamination and volume discrepancies related to LTL/compartment trailers. Blank waivers are not accepted. |

Driver Requirements

| | |
|------------|---|
| IDD System | Driver will need to be in the IDD system. Motor Carrier companies need to register their drivers at: https://www.uiia.org/index.php/intermodal-driver-database-login |
|------------|---|
